Request - You asked Staffordshire Police (SP) the following:

I would like to request data on reported sexual offences that occurred within hotels in your police force area. Specifically, I request information for the financial years 2021 - 2022, 2022 - 2023, 2023 - 2024, 2024 - 2025, 2025 - 2026:

1. The total number of sexual offences (rape, sexual assault, sexual harassment) reported where the location of the offence is recorded at a hotel.
2. If available, a breakdown by financial year and by hotel for the offences above.
3. If available, a simple categorisation of whether the offender was a guest at the same accommodation or an external person.

SP received your request on 10/03/2026 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

SP holds the requested information.

- I would like to request data on reported sexual offences that occurred within hotels in your police force area. Specifically, I request information for the financial years 2021 - 2022, 2022 - 2023, 2023 - 2024, 2024 - 2025, 2025 - 2026:
 - Please provide:
 - 1. The total number of sexual offences (rape, sexual assault, sexual harassment) reported where the location of the offence is recorded at a hotel.
 - 2. If available, a breakdown by financial year and by hotel for the offences above.
 - 3. If available, a simple categorisation of whether the offender was a guest at the same accommodation or an external person.
- Partially disclosed, please see the accompanying file titled 'FOI 22638 Hotel Assaults Data'. Please see the below exemption.**

Please be advised that data has been provided for all offences that relate to rape and sexual assault only, there is no offence for sexual harassment. The location subtype has been selected as 'Hotel/Motel' however please note that this field is not mandatory to complete. Only cases where this has been selected have been provided and there may be more cases that fit the criteria of the request that have not been chosen as 'Hotel/Motel'. Offences have also only been included whereby the occurrence address contains the name/address of a hotel. For question 3 the data has only been provided where a person has been classed as an offender, as requested.

Please note that this data has been provided to the best of the ability of SP, subject to the limitation of current recording protocols and systems/software. Additional offences may have been recorded during

these timescales but are awaiting finalisation and input onto these systems and would not be present within this dataset.

Every effort is made to ensure that the data presented is accurate and complete. However, it is important to note that this has been extracted from multiple sources, developed for specific policing purposes, for which data extraction methods have not been specifically designed to directly correlate with the terminology of this request. Therefore, the data presented is subject to the inaccuracies and idiosyncrasies inherent in any large-scale recording system.

Consequently, care should be taken in the interpretation and presentation of this data, to not misrepresent the whole or any part of the data disclosed.

Please be advised that all Freedom of Information request responses are published on the SP website although personal details are not included.

Please note that there are 26 offences that are still being investigated so with regard to these cases we are citing Section 30(1)(a)(b) of the Freedom of Information Act 2000 – Investigations conducted by Public Authorities.

These matters are still included within the dataset for question 1 however they have not been included in the breakdown for questions 2 and 3.

The following exemption has been applied:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for parts of this particular request.

- Section 30(1)(a)(b) – Criminal Investigations

Section 30 is qualified and class based and, as such, we are required to apply the public interest test.

Public Interest Test

Factors favouring disclosure under Section 30(1)(a)(b)

Disclosure of the information would improve the public's knowledge and understanding of the investigatory process and, as all police investigations are publicly funded, would show how public funds are being spent.

Factors favouring non-disclosure under Section 30(1)(a)(b)

Disclosure of the requested information would prejudice how investigations are carried out in the future. SP is charged with enforcing the law, preventing and detecting crime and protecting the communities we serve. Any release of information relating to ongoing investigations could prejudice and undermine those investigations. The prevention and detection of such matters could therefore be hindered and therefore risk interference with evidence, which could have detrimental impact on future investigations. In addition, the right to a fair trial could be undermined.

Balance test

Disclosure under the Freedom of Information Act is a release of information to the world in general and not an individual applicant. Having considered the public interest factors we are required to determine whether on balance the factors favouring disclosure outweigh those which are against disclosure. It is our view that the factors favouring disclosure do not outweigh those which favour non-disclosure.

1. Who Can Ask for a Review

Any person who has requested information from SP, which has been dealt with under the Freedom of Information Act, is entitled to complain and request an internal review, if they are dissatisfied with the response they received.
