FOI Ref 22806

Request - You asked Staffordshire Police (SP) the following:

I was hoping you might be able to share some figures and commentary from your force on fuel thefts.

Please could you confirm:

The number of making off without payment (MOWP) offences recorded so far this year, per month How many of those relate to petrol station fuel drive-offs?

Has there been an increase in these offences - particularly drive-offs - since fuel prices started to surge with the start of the war in Iran, e.g. Since 28 February?

Any context or commentary you're able to provide alongside any numbers would be very useful.

SP received your request on 27/04/2026 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

SP holds some of the requested information.

- Has there been an increase in these offences - particularly drive-offs - since fuel prices started to surge with the start of the war in Iran, e.g. Since 28 February? – **No information held.**

Please be advised this data pertains to all making off without payment offences broken down by month and where the location has been recorded as a petrol station for Q1 up to the 27/04/2026.

Please note that the FOI Act 2000 only extends to requests for recorded information. It does not require public authorities to create information to answer questions generally; only if the information is already held in recorded form. The Act does not extend to requests for information about policies or their implementation, or the merits or demerits of any proposal or action - unless, of course, the answer to any such request is already held in recorded form.

Please note that this data has been provided to the best of the ability of SP, subject to the limitation of current recording protocols and systems/software. Additional offences may have been recorded during these timescales but are awaiting finalisation and input onto these systems and would not be present within this dataset.

Every effort is made to ensure that the data presented is accurate and complete. However, it is important to note that this has been extracted from multiple sources, developed for specific policing purposes, for which data extraction methods have not been specifically designed to directly correlate with the

terminology of this request. Therefore, the data presented is subject to the inaccuracies and idiosyncrasies inherent in any large-scale recording system.

Consequently, care should be taken in the interpretation and presentation of this data, to not misrepresent the whole or any part of the data disclosed.

Please be advised that all Freedom of Information request responses are published on the SP website although personal details are not included.
