FOI Ref 22839

Request - You asked Staffordshire Police (SP) the following:

- 1) How many roadside or handheld breathalysers (if any) are currently owned by yourselves.
- 2) When each one was last calibrated.
- 3) When they are due to be calibrated again next.

SP received your request on 06/05/2026 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.
- Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which SP can readily retrieve information from our systems to answer this request. In order to provide the calibration information, a manual review of each roadside or handheld breathalyser would need to be conducted. This would involve the gathering and checking of every breathalyser held by the force.

It has been estimated that it would take in excess of the 18 hour time period in order to retrieve the calibration information for this request, as it would involve gathering each breathalyser, checking each record and recording the latest calibration information. To achieve this task would therefore exceed the 18-hour time and cost threshold of the Freedom of Information Act by a considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, to comply with this obligation please see below.

Unfortunately, SP cannot suggest a way in which your request could be simplified or pared down to bring it within the confines of the time and cost threshold.

Please be advised that SP do not hold a figure for the number of breathalysers owned by the force currently.

Please be advised that all Freedom of Information request responses are published on the SP website although personal details are not included.

3. Review Procedure

Receipt of a request for review will be acknowledged in writing. The review will be conducted by a supervisor who is independent from the original Decision Maker. The Information Access Team will set a target date for a response. The response will be made as soon as is practicable with the intention to complete the review within 20 working days. In more complex cases the review may take up to 40 working days.

The independent Supervisor will conduct a review of the handling of the request for information and of decisions taken, including decisions taken about where the public interest lies in respect of exempt information where applicable. The review enables a re-evaluation of the case, considering the matters raised by the complaint.
