FOI Ref 22899

Request - You asked Staffordshire Police (SP) the following:

I would like to request data relating to incidents involving dogs left in vehicles, particularly in circumstances where there may have been a risk to the animal's welfare (for example, during periods of warm or hot weather).

Specifically, I request the following information for the most recent full three-year period available (2023, 2024, 2025, and any available data for 2026):

1. The number of reported incidents involving dogs left in vehicles - by month and year
2. The location of each incident - for example town / city / borough or postcode district

SP received your request on 19/05/2026 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit. Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which SP can readily retrieve information from our systems to answer this request. For the period requested, there have been more than 1,500 reported incidents involving domestic animals. To ascertain whether these incidents related to dogs left in vehicles, the record for each incident would require a manual review. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 4 minutes to review each record to answer this request, this would equate to 100 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the Freedom of Information Act by a considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, to comply with this obligation please see below.

Unfortunately, SP cannot suggest a way in which your request could be simplified with regards to reported incidents. However, if you were to ask for recorded offences of 'causing, permitting or failing to prevent unnecessary suffering of a protected animal' whereby a dog in a vehicle was involved, then this information could be provided. Alternatively, you may wish to make a request to the RSPCA who may hold data that could answer your original request.

Please be advised that all Freedom of Information request responses are published on the SP website although personal details are not included.
