SP holds the requested information.

- Under the Freedom of Information Act 2000, I am requesting the following information for each of the last five years (2021/22 to 2025/26):
- The number of reported sexual offences (including sexual assault, rape, and other sexual offences) where the location was recorded as being at or within 200 metres of a pub, bar, nightclub, or other licensed premises, and where the offence occurred between the hours of 11pm and 5am.
- 2) For the offences in (1), please provide a breakdown by:
 - Offence type
 - Month and year
 - Whether a suspect was identified
 - Outcome (e.g., charge, caution, no further action)
 - **Partially disclosed, please see the accompanying file titled 'FOI 22917 Sexual Offences Data'. Please see the below exemption.**

Please note that there are 7 offences that are still being investigated so with regard to these cases we are citing Section 30(1)(a)(b) of the Freedom of Information Act 2000 – Investigations conducted by Public Authorities. These offences have been removed from the dataset provided.

Please be advised that the data has been provided whereby the MO location premise has been selected as, bar, pub or club and whereby the offence occurred between 11pm and 5am. Please note that there may be other offences that have happened at licenced premises but may have not been selected as bar, pub or club and will therefore not be included in the dataset.

Also note that this data has been provided to the best of the ability of SP, subject to the limitation of current recording protocols and systems/software. Additional offences may have been recorded during these timescales but are awaiting finalisation and input onto these systems and would not be present within this dataset.

Every effort is made to ensure that the data presented is accurate and complete. However, it is important to note that this has been extracted from multiple sources, developed for specific policing purposes, for which data extraction methods have not been specifically designed to directly correlate with the terminology of this request. Therefore, the data presented is subject to the inaccuracies and idiosyncrasies inherent in any large-scale recording system.

Consequently, care should be taken in the interpretation and presentation of this data, to not misrepresent the whole or any part of the data disclosed.

Please be advised that all Freedom of Information request responses are published on the SP website although personal details are not included.

The following exemption has been applied:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for parts of this particular request.

- Section 30(1)(a)(b) – Criminal Investigations

Section 30 is qualified and class based and, as such, we are required to apply the public interest test.

Public Interest Test

Factors favouring disclosure under Section 30(1)(a)(b)

Disclosure of the information would improve the public's knowledge and understanding of the investigatory process and, as all police investigations are publicly funded, would show how public funds are being spent.

Factors favouring non-disclosure under Section 30(1)(a)(b)

Disclosure of the requested information would prejudice how investigations are carried out in the future. SP is charged with enforcing the law, preventing and detecting crime and protecting the communities SP serves. Any release of information relating to ongoing investigations could prejudice and undermine those investigations. The prevention and detection of such matters could therefore be hindered and therefore risk interference with evidence, which could have detrimental impact on future investigations. In addition, the right to a fair trial could be undermined.

Balance test

Disclosure under the Freedom of Information Act is a release of information to the world in general and not an individual applicant. Having considered the public interest factors SP are required to determine whether on balance the factors favouring disclosure outweigh those which are against disclosure. It is SP's view that the factors favouring disclosure do not outweigh those which favour non-disclosure.

Please be advised that all Freedom of Information request responses are published on the SP website although personal details are not included.

Any person who has requested information from SP, which has been dealt with under the Freedom of Information Act, is entitled to complain and request an internal review, if they are dissatisfied with the response they received.

3. Review Procedure

Receipt of a request for review will be acknowledged in writing. The review will be conducted by a Supervisor who is independent from the original Decision Maker. The Information Access Team will set a target date for a response. The response will be made as soon as is practicable with the intention to complete the review within 20 working days. In more complex cases the review may take up to 40 working days.

The independent Supervisor will conduct a review of the handling of the request for information and of decisions taken, including decisions taken about where the public interest lies in respect of exempt information where applicable. The review enables a re-evaluation of the case, taking into account the matters raised by the complaint.

4. Conclusion of the Appeal

On completion of the review the Independent Supervisor will reply to the appellant with the result of the review.
