FOI Ref 23323

Request - You asked Staffordshire Police (SP) the following:

Under the Freedom of Information Act 2000, please provide the following information for each calendar year from 2022 to 2025, inclusive.

For theft-related offences recorded by your force, including burglary and robbery, please provide:

The number of offences involving theft of watches, jewellery, handbags or artwork, broken down by item category

A breakdown by postcode area. If unavailable, please provide a breakdown by local authority or borough

The number of stolen items subsequently recovered in each category, where recorded

The number of these offences in which stolen property was recovered, where recorded

The total estimated value of the stolen property, where recorded

Please use your existing property classifications. I am not requesting a manual review of individual crime reports.

Please provide the data in Excel or CSV format where possible.

I look forward to receiving your response within the 20-working-day timeframe.

SP received your request on 28/08/2026 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for this request.

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.

Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which SP can readily retrieve information from local police systems to answer this request. For the period requested, there have been in excess of 76,990 offences of theft, robbery or burglary offences. In order to answer your questions, the record for each offence would require a manual review. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 5 minutes to review each record to answer this request, this would equate to over 6,415 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the Freedom of Information Act by a considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, to comply with this obligation please see below.

Unfortunately, SP cannot suggest a way in which your request could be simplified or pared down to bring it within the confines of the time and cost threshold.

All Freedom of Information request responses are published on the SP website although personal details are not included.
