

8 September 2026

FOI Ref 23326

Request - You asked Staffordshire Police (SP) the following:

Please provide the following recorded information for the following locations:

- **Holiday Inn Express Tamworth**, located at Leisure Island, Riverdrive, Tamworth B79 7ND.

Please provide the data covering the period from January 2020 to August 2026, broken down by calendar year.

- **Total Crimes by Residents:** The total number of recorded crimes where an identified suspect or offender has a primary recorded home address containing the address location.

- **Crime Breakdown by Offence:** A breakdown of these recorded crimes by specific offence category/description (e.g., violent crime, sexual offences, theft, criminal damage).

- **Outcome Data:** A breakdown of the recorded outcomes for these specific crimes (e.g., Charged/Cautioned, Evidential Difficulties, Out of Court Disposal).

Personal data

I do not seek any information that identifies, or could identify, any individual. I am content for you to suppress or aggregate any cell containing fewer than five records, provided suppressed cells are clearly marked as suppressed rather than reported as zero, and provided the suppression is applied consistently and described in your response.

Please provide this data in an editable electronic format, preferably a Microsoft Excel spreadsheet (.xlsx) or CSV file.

SP received your request on 01/09/2026 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

The following exemption has been applied:

- Section 12(1) where the cost of compliance exceeds the appropriate limit.

Section 12(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the prescribed limit'.

The above information has been withheld for the following reasons:

There is no method by which SP can readily retrieve information from local police systems to answer this request. For the period requested, a search of the system used to interrogate the crime recording system, showed there to have been 452 recorded crimes where an identified suspect or offender has a primary recorded home address containing the address location. However, a manual dip sample of these crimes has shown that the system used to carry out the search has incorrectly linked associated addresses as the residential address. Thus, to ascertain whether the identified suspect or offender has a primary recorded home address containing the address location, the record for each offence would now require a manual review. To extract this data would therefore require a very labour-intensive manual trawl through each record.

From dip sampling, it has been estimated that it would take approximately 5 minutes to review each record to answer this request, this would equate to over 35 hours. To achieve this task would therefore exceed the 18-hour time and cost threshold of the Freedom of Information Act by a considerable margin.

Advice and assistance

Section 16 of the Act places an obligation upon the Authority to provide advice and assistance, to comply with this obligation please see below.

If you were to reduce the period of your request to select a period of 2 years or less, then this would bring the request within the confines of the time and cost threshold.

All Freedom of Information request responses are published on the SP website although personal details are not included.

Freedom of Information Request Appeals Procedure

1. Who Can Ask for a Review

Any person who has requested information from SP, which has been dealt with under the Freedom of Information Act, is entitled to complain and request an internal review, if they are dissatisfied with the response they received.

2. How to Request a Review

Requests for review of a Freedom of Information request must be made in writing within two months of the date of receipt of this email, and should be addressed to: IAT@staffordshire.police.uk

The reference number, date of the request and details of why the review is being requested must be included. Requests for review should be brought to the attention of the Information Access Team within two months of the SP response to the original FOI request.

3. Review Procedure

Receipt of a request for review will be acknowledged in writing. The review will be conducted by a supervisor who is independent from the original Decision Maker. The Information Access Team will set a target date for a response. The response will be made as soon as is practicable with the intention to complete the review within twenty working days. In more complex cases the review may take up to forty working days.

The independent supervisor will conduct a review of the handling of the request for information and of decisions taken, including decisions taken about where the public interest lies in respect of exempt information where applicable. The review enables a re-evaluation of the case, considering the matters raised by the complaint.

4. Conclusion of the Appeal

On completion of the review the independent supervisor will reply to the appellant with the result of the review. If the appellant is still dissatisfied following the review they should contact the Information Commissioner to make an appeal. The Information Commissioner can be contacted via the following link: <https://ico.org.uk/make-a-complaint/foi-and-eir-complaints/foi-and-eir-complaints/>
