For both requests, please provide this data in an accessible data format such as a CSV or Excel spreadsheet with rows for each month and calendar week)

Section 12 Priority Clause: If you estimate that the cost of complying with this request will exceed the appropriate time limit (Section 12 FOIA), please prioritise the data in the following order - 1. Time Breakdown; 2. Regional Breakdown.

SP received your request on 17/09/2026 and have processed this under the Freedom of Information Act (FOIA).

SP's response to your enquiry is as follows:

SP holds the requested information.

- Under the Freedom of Information Act 2000, I would like to request recorded crime data regarding residential burglaries.
Specifically, please provide data for the following calendar years (2022, 2023, 2024, 2025 and 2026 to date) covering the following:
 1. Time Breakdown: The total number of recorded residential burglary offences, broken down by month and by calendar week (Week 1 through 52) of occurrence.
 2. Regional Breakdown: The total number of recorded residential burglary offences broken down by postcode area. – **Partially disclosed, please see the accompanying file titled 'FOI 23400 Residential Burglaries Data.xlsx'.**

Please note that there are a number of offences that are still being investigated so with regard to these cases we are citing Section 30(1)(a)(b) of the Freedom of Information Act 2000 – Investigations conducted by Public Authorities.

The following exemption has been applied:

In accordance with Section 17(1) of the Freedom of Information Act, this letter represents a refusal notice for parts of this particular request.

- Section 30(1)(a)(b) – Criminal Investigations
Section 30 is qualified and class based and, as such, we are required to apply the public interest test.

Public Interest Test

Factors favouring disclosure under Section 30(1)(a)(b)

Disclosure of the information would improve the public's knowledge and understanding of the investigatory process and, as all police investigations are publicly funded, would show how public funds are being spent.

Factors favouring non-disclosure under Section 30(1)(a)(b)

Disclosure of the requested information would prejudice how investigations are carried out in the future. SP is charged with enforcing the law, preventing and detecting crime and protecting the communities SP serves. Any release of information relating to ongoing investigations could prejudice and undermine those investigations. The prevention and detection of such matters could therefore be hindered and therefore risk interference with evidence, which could have detrimental impact on future investigations. In addition, the right to a fair trial could be undermined.

Balance test

Disclosure under the Freedom of Information Act is a release of information to the world in general and not an individual applicant. Having considered the public interest factors SP are required to determine whether on balance the factors favouring disclosure outweigh those which are against disclosure. It is SP's view that the factors favouring disclosure do not outweigh those which favour non-disclosure.

Please be advised that all Freedom of Information request responses are published on the SP website although personal details are not included.
