

30 September 2026

FOI Ref 23408

Request - You asked Staffordshire Police (SP) the following:

I would like to request information under the Freedom of Information Act 2000 regarding speeding enforcement on the A5 Watling Street, Bridgtown, Cannock.

The specific enforcement location is identified as LC0663, near the transition from the 50 mph limit to the 30 mph restricted road.

The relevant What3words location is ///thus.code.expand.

I would be grateful if you could provide the following information for this location:

1. The total number of speeding offences recorded during each of the calendar years 2023, 2024 and 2025, and from 1 January to 31 August 2026.
2. If available, a monthly breakdown of the number of speeding offences recorded during the most recent 12-month period.
3. The number of separate enforcement sessions conducted at this location during the same 12-month period.
4. If recorded, the number of speeding offences detected at this location where the recorded speed was between 35 mph and 45 mph.

I am interested in understanding the frequency of speeding detections at this particular speed-limit transition.

I am requesting aggregate statistics only and do not require any personally identifiable information. If any of the requested information is not held or cannot be retrieved within the appropriate cost limit, I would appreciate any alternative statistics that are readily available for this enforcement site.
